Dear Charles,

Taiwanese Patent Application No.81104747
Your ref:PM 1522 - Our file:33442

Further to my letter of yesterday's date I have now completed a set of proposed claims for the Taiwanese application and these are attached.

Claim 1 corresponds to the claim I sent you yesterday. Claim 2 has the narrower preferred pressure range of 750 to 950 psig. Claim 3 is yesterday's claim 16 with a minor editorial change. Claims 4 and 5 correspond with previous claims 18 and 19, claim 6 corresponds to original claim 3. Claim 7 in conjunction with the features recited in claims 1 and 2 claims the original matter of claim 29. Claims 8 and 9 correspond with original claims 7 and 6 respectively. There is no claim corresponding to original claim 5 since this is inherent in the amended claim 1. Claims 10 to 14 correspond with original claims 8, 10, 11, 14 and 15. Claim 15 corresponds with previous claims 22 and 27 and 32. Claim 16 corresponds with original claims 20, 25 and 30 and claim 17 corresponds with original claims 28 and 33. Finally claim 18 is a product claim corresponding to original claim 34.

I look forward to your early instructions since I shall have to forward these claims to Taiwan before Christmas to meet the deadline of 28th December.

Yours sincerely,

P.A.Smith
